

# Toyota Powered Pallet Trucks

The BT Levio Range

## BT Levio W-series

Pedestrian-operated trucks

Lightweight and compact design for easy use  
in congested areas or on-board vehicles

---

1.3 – 2.5 tonnes load capacities

Travel speed up to 6 km/h

Pages 4-11

## BT Levio P-series

Trucks with driver platform

Compact and manoeuvrable trucks with choice  
of platforms for high speed travel

---

2.0 – 2.5 tonnes load capacities

Travel speed up to 12.5 km/h

Pages 12-15

## BT Levio S-series

Stand-in trucks

Fully enclosed cab and sideways driving position to work in congested areas

---

2.0 tonne load capacity

Travel speed up to 10.5 km/h

Pages 16-17

## BT Levio R-series

Rider-seated trucks

High speed trucks for transportation of multiple loads over long distances

---

2.0 - 3.0 tonnes load capacities

Travel speed up to 19.9 km/h

Pages 18-19

# TOYOTA BT LEVIO

## PART OF W-SERIES

(SEE PAGE 9 - 11 FOR FULL RANGE)

---

The BT Levio LWE130 is a robust but extremely lightweight truck that can carry loads with ease over short to medium distances. Weighing just 255 kg, including battery, the LWE130 is exceptionally compact, allowing easy use in a wide variety of applications. This truck is also ideal in confined spaces such as retail environments but also on-board delivery vehicles. The LWE130's low-maintenance and revolutionary AC motor offers great energy efficiency, as well as durability and strength.

---

## SPECIFICATIONS

**Load capacity:** 1.3 t @ 600 mm load centre

**Maximum travel speed:** 5.5 km/h

**Maximum battery capacity:** 63 Ah

**Option available:** I\_Site truck management system

## Safe and user-friendly operation

For optimal driver comfort, this truck is user-friendly and intuitive thanks to its quieter operation and programmable driver parameters. To ensure safe and efficient material handling, the LWE130 is designed to be compatible with the truck management tool I\_Site that monitors both driver authorisation (PIN code) and machine utilisation whilst also detecting possible impacts of your truck in real time.

## Unique Castorlink system

Stability is assured with a five-wheel chassis design with linked side castors, protecting the wheels and load and ensuring stability on uneven surfaces.

## Easy battery charging

The BT Levio LWE130 features a built-in charger for fast and easy charging- just plug it into a power socket.

There is also the option of an in-vehicle charging system for opportunity charging when travelling on delivery vehicles. In-vehicle charging features intelligent control to only operate when the main vehicle engine is running.

## TPS-based reliability

Like all Toyota trucks, BT Levio trucks are built according to the Toyota Production System, assuring the highest levels of quality, durability and reliability.

## Buy Online, Anytime

**Handling with care – just Click-2-Creep**  
 Finite positioning is easy with these BT Levio W-series trucks. The unique Click-2-Creep feature means that by simply double-clicking the control lever the truck is set to creep speed, allowing safe control in tight situations.

**Totalview concept**

The optimised length of the control arm combined with the low overall height of the truck means you always get a clear and safe view of the forks.

**Li-ion battery technology**

The latest maintenance-free Li-ion battery technology is available on the LWE200, with 30% less energy consumption. It gives exceptional battery life and the option for fast-charge at any time, revolutionising battery management and eliminating the need for battery change in multi-shift applications.

**TPS-based reliability**

Like all Toyota trucks, BT Levio trucks are built according to the Toyota Production System, assuring the highest levels of quality, durability and reliability.

**Buy Online, Anytime**

A selected range of BT Levio powered pallet trucks are available to buy online direct from Toyota visit [shop.toyota-forklifts.co.uk](http://shop.toyota-forklifts.co.uk)

**Unique, adapted driver experience**

The standard truck has a folding driver platform with 'one-touch' foldable gates. Fixed platform and fixed rear or side guards are options. The height of the steering arm is fully adjustable at the touch of a button, and its length is adapted to suit the application. Optimised Truck Performance adjusts speed when cornering and according to load length, direction of travel, and if pedestrian-operated. Effortless electronic steering is an option.

**Totalview concept**

The BT Levio P-series range fully complies with ISO 13564-1:2012 to ensure a clear view of the forks from the driving position.

**Li-ion battery technology**

The latest maintenance-free Li-ion battery technology is available on BT Levio P-series models, with 30% less energy consumption. Giving exceptional battery life and the option for fast-charging at any time it revolutionises battery management and eliminates the need for battery change in multi-shift applications.

**Quiet operation**

The BT Levio P-series has a very low noise level, and is the quietest truck in its class.

**TPS-based reliability**

Like all Toyota trucks, BT Levio P-series trucks are built according to the Toyota Production System, assuring the highest levels of quality, durability and reliability.

**Buy Online, Anytime**

A selected range of BT Levio powered pallet trucks are available to buy online direct from Toyota visit [shop.toyota-forklifts.co.uk](http://shop.toyota-forklifts.co.uk)

Quick, easy, convenient, delivered straight to your door  
Pay via credit card or invoice.

# TOYOTA BT LEVIO

## S-SERIES

### STAND-IN TRUCKS

---

BT Levio S-series models are small and manoeuvrable. A fully enclosed stand-in cab gives maximum driver protection, whilst retaining a compact overall size to allow maximum manoeuvrability in congested and busy areas.

## SPECIFICATIONS

---

**Load capacity:** 2.0 t @ 600 mm load centre

**Maximum travel speed:** 10.5km/h

**Maximum battery capacity:** 620 Ah

**Options available:** I\_Site truck management system

Easy driving with small electronic steering wheel

The driver is fully protected within the cab

**Sideways driving position for longer distance travel**

The driver stands sideways in the cab, which allows easy driving in either travel direction, making this truck ideal for operations where the truck is continuously travelling backwards and forwards. An optional 45° driving position is also available as an option.

**TPS-based reliability**

Like all Toyota trucks, BT Levio S-series trucks are built according to the Toyota Production System, assuring the highest levels of quality, durability and reliability.

# TOYOTA BT LEVIO R-SERIES

## RIDER-SEATED TRUCKS

---

Designed and built for high-speed transportation of multiple loads, and with load capacities of up to 3000 kg and travel speeds up to 19.9 km/h the BT Levio R-series provides effective longer distance transportation. Long fork options mean that multiple loads can be carried, creating a highly efficient and productive solution.

## SPECIFICATIONS

---

**Load capacity:** 2.0, 3.0 t @ 600 mm load centre

**Maximum travel speed:** 19.9km/h

**Maximum battery capacity:** 840 Ah

**Options available:** I\_Site truck management system

The cab and controls are fully adjustable to suit the driver

Optional E-bar for ancillary equipment

### High-level cushioned driving position

High-speed travel demands a safe driving position and a clear view. The cab on BT Levio R-series trucks is elevated to ensure full all-round visibility, and any floor vibrations caused by high-speed travel are eliminated due to the spring-loaded cab.

### Fully adjustable cab and controls

Operations of this type usually involve long periods of driving, so the seat and controls within the cab are fully adjustable to suit the driver.

### TPS-based reliability

Like all Toyota trucks, BT Levio P-series trucks are built according to the Toyota Production System, assuring the highest levels of quality, durability and reliability.
